## ABOUT ME

Passionate React developer with expertise in crafting exceptional user experiences. Strong foundation in JavaScript, React, Redux and NextJs. Committed to writing clean, efficient code for visually appealing and performant web applications.

## WORK EXPERIENCE

### REACT DEVELOPER

01/2022 - Present

Intuio Software Labs Private Limited - *Full Time*

In my development work, I was building functional UIs with React, utilizing Socket.io for real-time updates. Redux for effective state management. Implemented various features like dynamic console logs, user detection, resizable components, search highlighting, auto-completion, mapping, Stripe integration, shortcut keys, and multi-tab UI.

### REACT DEVELOPER

12/2021 - 01/2022

Kamsoft Technologies Goa - *Full Time*

Built car listing UI and filters using React functional components. Utilized Ant Design for dashboard forms and tables. Developed PHP APIs for data retrieval from the database. Implemented Redux for efficient state management.

### REACT DEVELOPER

07/2021 - 12/2021

ProGrad - *Internship*

Developed multiple projects using React. Integrated covid19india.org API using Axios for a Covid19 dashboard. Implemented hooks and states for projects like mini-cake-builder and quiz app.

### FRONTEND DEVELOPER

08/2019 - 12/2019

Crocs & Cops - *Internship*

Utilized HTML, CSS, and Bootstrap to design and develop the entire website's user interface. Employed JavaScript and jQuery to enhance interactivity, such as implementing gallery image functionalities and form validations. Ensured a seamless user experience through responsive and visually appealing designs.
